Internship   25 March – 31 May 2013

Advanced Info Service PLC. (AIS)

Radio Access Network Technical Division, Radio Planning and Operation Department

- Tested Antennas, RF Repeaters, Tappers, Hybrid Combiners, Diplexers and Triplexers.
- Measured spectrum.
- Provided Testing RF (Radio Frequency) documents.

Training

- Agile Testing in Practice, IMC Institute
- Unix and Shell Script, Advanced Info Service PLC.
- Training and Practices on Software Testing Techniques, Aware Corporation Limited
- TCP/TP Fundamental, Advanced Info Service PLC.
- IP Network, Advanced Info Service PLC.
- Programming in C#, Iverson Training Center Co Ltd.
- Ood-e/JavaScript Good Parts, Advanced Info Service PLC.
- SAP Technical Academy Training, Emeritis Thailand.
- SAP Internal Sharing - SAP FI for Beginner, ABeam Consulting Thailand.
- Robotic Process Automation (RPA) Young blood E-Learning, STelligence and Automation Anywhere

Skills and Abilities (SAP)

- ABAP Programming
  - Reporting & UI Development
    - ALV Reporting
    - File Handling: Text File, Excel (OLE, ABAP2XLSX)
    - Dialog Programming
  - Integration & Interfaces
    - OData Services V2
    - External FTP
    - External Database
  - Form Management
    - Smart Forms
    - Adobe Forms
  - Enhancements
    - Classic Enhancements: User Exits and Customer Exits (CMOD/SMOD)
    - Modern Enhancements: Business Add-Ins (BAdIs)
  - Modern SAP Development
    - Object Oriented ABAP (OO-ABAP)
    - HANA Optimization: CDS Views, AMDP
  - Web Technology
    - Web Dynpro for ABAP
- Cloud Platform Integration (CPI)
- SuccessFactors API (SFAPI and ODataV2)

Skills and Abilities (Non-SAP)

- Operating Systems: UNIX (Linux and Solaris)
- Automation Testing Tools: Quick Test Professional (QTP), Robot Framework
- Scripting Languages: Shell Script, VBScript, Groovy, JavaScript
- Programming Languages: C, Java
- Mark up Languages: HTML, CSS, XML
